Subject: Microsoft Settlement

The matter needs to be settled in a way that does not end up being a boon for Microsoft. The school donation looked all warm and fuzzy but I agree with those who suggest that it is just helping Microsoft get a big chunk of the educational market. Let us not forget here that Microsoft broke the law. It just does not seem right that they should get away with it while people who break other laws (many of them victimless crimes) end up in prison.
